*I started treatment with Dr. Rick Pape over 20 years ago. I had some bad experiences with other dentists and was afraid to try Dr. Pape. After reassurances from Dr. Pape I tried him and have been with him ever since!*

*Determined to have my dental health improved, I had minor orthodontic correction on my lower teeth, whitening, gum reshaping and four porcelain veneers placed on my front teeth. What a difference! I cannot believe the change that has taken place! I LOVE MY TEETH! My smile is AMAZING! I cannot believe the creativity and eye for detail that occurred so that I could have this SMILE!*

*Thank you to Lisa, Mary, Sharon, Kim, Jenny and most of all to Dr. Rick for creating this smile that I always dreamed possible.*

*Thank you again!*
